There was a request that the full HUNC board draft a letter to the City Council in opposition to the city shifting responsibility for public sidewalks and street trees from the city to property owners. The was requested and agreed to be tabled until January. More data was needed on the laws.

A motion was made for the HUNC board to draft a letter to the Los Angeles City Planning Commission planning committee and LA City Council to reject the finalized Hollywood Plan to EIR, because the EIR did not adequately address HUNC's previously submitted written objections.
