Dear Neighbors and Valued Customers,

We are excited to be taking over the former Victor's Square Restaurant with a new Mexican restaurant concept to serve the neighborhood. The location is already approved for beer and wine however we are seeking to upgrade to full service alcohol.

We want to reach out to our neighbors and community and ask for your support in our application. As a full service Mexican themed restaurant with menus to include specific kids and vegetarian options we are also looking forward in pairing our menu with great margaritas.

If you would like to support this request, please sign below.

Thank you for the many years of support! As long-term residents and now business owners we are proud to be a part of this great neighborhood.

Dear Neighbors and Valued Customers,

We are excited to be taking over the former Victor's Square Restaurant with a new Mexican restaurant concept to serve the neighborhood. The location is already approved for beer and wine however we are seeking to upgrade to full service alcohol.

We want to reach out to our neighbors and community and ask for your support in our application. As a full service Mexican themed restaurant with menus to include specific kids and vegetarian options we are also looking forward in pairing our menu with great margaritas.

If you would like to support this request, please sign below.

Thank you for the many years of support! As long-term residents and now business owners we are proud to be a part of this great neighborhood.

Best,
